BIBLIOGRAPHY ON POPULATION AND FAMILY PLANNING IN KOREA: 1981-1984

1985. 9

KOREA INSTITUTE FOR POPULATION AND HEALTH

6

PREFACE

This bibliography is about FP and population research information in Korea during 4 years from 1981 to 1984.

As one of 1985 KIPH activities, FP and population related research informations produced during 4 years were corrected by mailing to 97 relevant institutions, associations and universities.

We hope it will be a great contribution to utilize the research results for further development and improvement.

Chan Moo Park

President of Korea Institute for Population and Health
